

WMLUG September 2006 Meeting Topics

Utilities

Krusader

Krusader is an advanced twin panel (commander style) file manager for KDE and other desktops in the *nix world, similar to [Midnight](#) or [Total Commander](#).

<http://krusader.sourceforge.net/>

Kleansweep

KleanSweep allows you to reclaim disk space by finding unneeded files.

<http://www.kde-apps.org/content/show.php?content=2863>

Hardinfo

HardInfo is a system information and benchmark tool for Linux systems. Compile from source. Requires the GTK development package.

Games

SuperTuxKart

SuperTuxKart is an enhanced version of [TuxKart](#), a kart racing game, originally done by Steve Baker, featuring Tux and a bunch of his friends.

<http://supertuxkart.berlios.de/index.html>

ManiaDrive

ManiaDrive is a free clone of Trackmania, the great game from Nadéo studio, and is an arcade car game on acrobatic tracks, with a quick and nervous gameplay (tracks almost never exceed one minute), and features a network mode, as the original.

Righteous!

Righteous! is a puzzle game inspired by a popular handheld console game but with many enhancements planned. The goal of the game is to build up combos by combining blocks of similar colors. These combine into squares which are cleared away by a moving time marker. If the blocks are unable to land within the game grid then the game is over. Requires SDL.
